Mr. C. D. Jackson
Acting Executive Officer
Operations Coordinating Board
Washington, D. C.

Dear C. D.,

I have your letter of 12 October 1953, asking my help to ensure placement of staff members of the Psychological Strategy Board who will not be picked up by the Operations Coordinating Board.

Within the limits of our actual and potential personnel requirements, every consideration will be extended to the people who are not going with the Operations Coordinating Board. I have requested our Personnel Office to examine all possibilities which may exist for using the personnel who are made available. You are aware, I am sure, that our own staffing situation is now quite tight.

If there is any further assistance which I can give, please do not hesitate to let me know.

Sincerely yours,

Allen W. Dulles
Director
